Virtual Storytime

Date and Time: Tuesday, November 2 10:00 am - 10:30 am

Address: Orangeville Public Library YouTube

Stories about stories will spark imagination and may just inspire your child to practice their writing and storytelling.

Join Shannon for stories and songs on OPL's [YouTube](#) channel and then pick-up a craft kit at the Mill Street location. This week's literacy extension will encourage children to practice creating the letters in their name out of plasticine.

Literacy Tip: drawing and scribbling are an essential pre-writing skill. Children do not need to know how to print letters or write words to write and tell a story. Eventually their scribbles will take on features of written text—moving from left to right on a page, going up for 'tall' letters (b, d, t) and lower for 'short' letters (a, c, e).

Address: Orangeville Public Library YouTube

Swim into storytime like a fish! Ms. Shannon will share the beloved Rainbow Fish stories and a fun ocean themed felt board story. The fun starts at 10 a.m. on OPL's [YouTube](#) channel.

Literacy Tip: Find ways to make real life connections when reading stories to your little one. For example, when listening to a story about fish, ask your child if this story reminds them of anything and give prompts if needed i.e. "Do you remember when we visited the Ripley's Aquarium and saw that big shark?". "Where else have we seen fish?". Questions like these may prompt your little one to make a text to self connection and/or share a story of their own. Such conversations will help your child connect more meaningfully to the story and will in turn, help foster a love of reading and storytelling.
